

Regulatory Ranking Rules

General rules

Each year, the EDU Commission awards 3 EDU Main Rankings and each organizing member country that hosts an EDU Main Ranking has the opportunity to host a National Ranking with international participation in the same season as it organizes the EDU Main Ranking.

Awarding of the EDU Main Rankings IDF/EDU Commission – Criteria

All Regular Affiliated Member Countries to the IDF may apply in writing edu@idfdarts.org to the IDF/EDU Commission for the organization of an EDU Main Ranking. The EDU rankings are only allowed to be held by member countries that have no liabilities to the IDF or its IDF/EDU Commission. Another criterion for the award is whether the organizers member country has registered a Champions League team for the season in which they hosted the ranking. In special cases, the evaluation catalogue from the last ranking of this member country may also be decisive. The organizer must meet the requirements of the ranking. In case of non-compliance with these rules, the following ranking will be withdrawn from the respective member country. In the event of a positive confirmation of the ranking by the IDF/EDU Commission, the organizer is therefore also the responsible organizer of the ranking and is responsible for all legal regulations, licenses as well as the allocation of expense contributions as well as all legal reports that are subject to this event.

In the case of an EDU main ranking (whole weekend), only IDF/EDU homologated dart machines may be set up in the entire tournament hall, sports hall, hall. In the tournament hall, including adjoining rooms, no advertising may be made for non-homologated dart machines. In the case of EDU main rankings, the IDF and EDU Commission has the right to use advertising space in the tournament hall for its sponsors free of charge, in consultation with the local organizer.

The implementing member country has to pay 250 euros to the IDF/EDU Commission for an EDU main ranking. Tournament announcements from the main rankings must be sent to the IDF/EDU Commission edu@idfdarts.org 2 months in advance.

An EDU main ranking must meet the following requirements:

National Ranking Requirements:
