Registration form is attached

Teams playing in the Open category can register on site before 19:30 on Saturday June 8, 2024.

Wheelchair events

There is no formal entry form, it being sufficient to know the player's name and whether they will play singles, doubles or both

The entry fees for these team events must be paid on site in Benidorm before 19:30 on Saturday June 8, 2024.

The completed registration forms should be sent as soon as possible, but before the due date, by Email to

RegistrationEM2024@tododardos.com

List of all players likely to attend.

The players cannot register for any event until they are included in the database of the tournament. In order to avoid the long delays inputting individual players into the database at the last minute, each member country should send a list of the players that are likely to participate in Benidorm. If in doubt, it is better to include a player. The best method of sending this data is an Excel spreadsheet. The data to be included must include the following:

- Player licence number
- Player name
- Player's gender (Male or female)
- Player category (A, B, C or Junior)
- Date of birth for all junior players

Please do not send the entire database of all the players in your country, but only a selection of the ones that are likely to participate. The tournament database can operate with several thousand entries but not with tens of thousands. These lists of players should be sent to the same Email address before

May 26, 2024.
